About Us

A. M-BIS AT GLANCE

Moslem Binus International School Batam is an educational institution located in Batam City that integrates strong Islamic values with an international standard curriculum. We are committed to nurturing students who are knowledgeable, well-mannered, and globally minded through a modern, caring, and safe learning environment.

B. VISION

To become the first Islamic school in Batam that implements an International curriculum, equipping students with strong Islamic foundations and globally relevant skills and qualifications.

C. MISSION

- Build noble character by strengthening students' connection with Allah SWT.
- Enhance the quality of teaching and learning through active, creative, and joyful methods such as discussions, practical activities, group projects, and presentations.
- Develop students' skills in academic, non-academic, and technological areas so they can positively contribute to the community and wider society.
- Encourage innovative learning that fosters creative and critical thinking, enabling students to analyze global issues from multiple perspectives.
- Strengthen collaboration with parents in identifying children's interests and talents, building life skills, and supporting their confidence to pursue their own aspirations.

Curriculum Framework

A. UMMI CURRICULUM

The UMMI Qur'anic Curriculum is implemented across all grade levels to ensure that every student develops strong Qur'an literacy with the right method, discipline, and emotional connection. The approach is inspired by the way a mother teaches her child, emphasizing gentleness, clarity, and consistency.

Core Principles:

1. Direct Method

Learn to read the Qur'an directly without spelling or breaking down letters. This encourages natural fluency through learning by doing.

2. Repetition

Repeated reading strengthens accuracy, confidence, and appreciation of the Qur'an. Consistent practice helps students progress steadily in both tahsin and memorization.

3. Affection

Teaching is carried out with patience, empathy, and positive reinforcement. This nurturing environment helps students build a sincere love for the Qur'an.

B. CAMBRIDGE CURRICULUM

The Cambridge International Curriculum is applied across levels to strengthen global literacy, analytical thinking, and English proficiency. Through this framework, students experience structured, internationally aligned learning in core subjects.

Cambridge Assessment
International Education

Core Subjects: English, Mathematics, Science

Learning Approach:

- Active, inquiry-based learning
- Emphasis on critical and analytical thinking
- Project and experiment-based activities
- Integration of digital tools and global themes
- Opportunities for collaborative work and presentation skills

Programme Benefits:

- Strong academic foundation aligned with international standards
- Improved communication skills in English
- Exposure to higher-order thinking
- Preparation for advanced global learning pathways

The Cambridge component works hand in hand with Islamic and national curriculum, ensuring students grow with balanced competencies: academically capable, spiritually grounded, and globally minded.

C.

NATIONAL CURRICULUM

The National Curriculum at M-BIS focuses on active, meaningful, and character-driven learning aligned with the principles of Kurikulum Merdeka. Students engage in experiences that strengthen essential competencies, independence, and real-life understanding.

Programme Highlights:

1. Active and Creative Learning

Lessons are delivered through discussions, hands-on activities, experiments, collaborative tasks, and student presentations.

2. Project-Based Activities

Students participate in class and school-wide projects that build character, social awareness, problem-solving, and creativity.

3. Holistic Assessment

Evaluation emphasizes process, growth, and skill development through performance tasks, portfolios, reflections, and observations.

4. Digital Literacy Integration

Students are introduced to essential digital skills, responsible technology use, and basic computational thinking through age-appropriate tools, media, and classroom technology.

5. Contextual & Real-World Learning

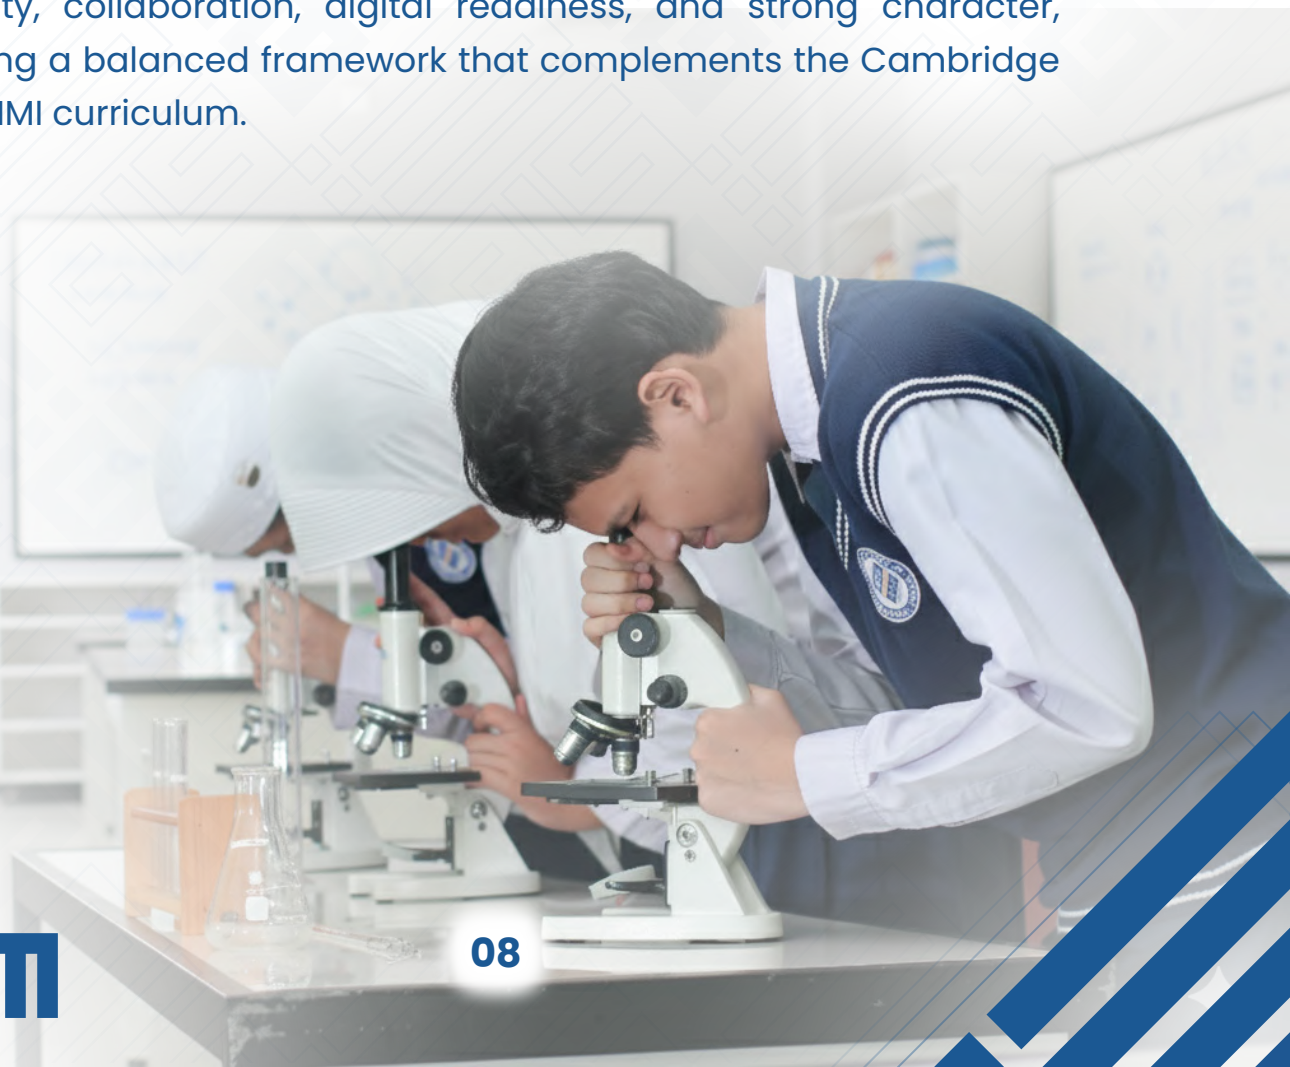

Students explore themes connected to daily life through field activities, community interaction, and integrated classroom experiences.

6. Character and Citizenship Development

Focus on discipline, responsibility, empathy, and national identity, aligned with Islamic values applied in the school culture.

Purpose:

This programme builds academic foundations while nurturing creativity, collaboration, digital readiness, and strong character, providing a balanced framework that complements the Cambridge and UMMI curriculum.

Kindergarten *Level*

The M-BIS Kindergarten Programme provides a warm, nurturing, and engaging early learning environment designed to support every child's growth academically, emotionally, socially, and spiritually. With a blend of Islamic values, international education standards, and play-based learning, the programme helps children build strong foundations for future learning.

Our classes maintain a small teacher-to-student ratio to ensure personalized attention, gentle guidance, and a joyful learning atmosphere where children feel safe, confident, and eager to explore.

Why Choose Kindergarten M-BIS:

- Strong Islamic Values by UMMI
- International learning approach with Cambridge and National Curriculum integration
- Young, caring, and well-qualified teachers (2-3 teacher for approximately 16 students per class)
- Modern school facilities
- Character building & life skills
- Parent-School partnership

Programme & Activities

A. ISLAMIC PROGRAMME

The Islamic programme in the Kindergarten level focuses on building early habits and values rooted in love, discipline, and daily practices. Children learn through gentle routines, storytelling, imitation, and positive reinforcement, helping them grow with strong adab and understanding of basic Islamic principles.

Key Components:

- Dhuha prayer routine
- Juz Amma Movement and early iqra' reading
- Daily du'a and hadith practice
- Islamic etiquette (akhlaq and adab)
- Jumuah Barokah (Qur'an recitation)
- Charity practice

B. CORE LEARNING AREAS

The Kindergarten learning experience is designed to support whole-child development through exploration, creativity, and structured early learning activities.

Main Areas:

- Genius Hour Exhibition
- Science Discovery (around the neighborhood)
- Language, Literacy, and Numeracy
- Arts and Creativity (Enrichment & Exhibitions)
- Physical Development (Indoor/Outdoor Games)
- Social Development (Circle Time)
- Emotional Development (Role Play)

Skill-Up Sessions

A. ENRICHMENT PROGRAMME

The Kindergarten offers weekly enrichment options that support creativity, confidence, and early skill development. Each child may join one activity per week based on interest.

Enrichment Options:

- Art & Music
- Traditional and Modern Dance
- Ball Sport
- English Club
- Math Games & Patterns
- Mini Drama & Role Play
- Storytelling & Puppet Show
- Fun Science
- Fun Gym
- Fun Cooking

Kindergarten Level

Elementary School *Level*

The M-BIS Elementary School offers an Islamic-based international learning environment where students develop strong academic foundations, character, and essential life skills. With full ICP implementation, all students learn core subjects in English while still strengthening their national identity and Islamic values.

Classes are led by qualified and caring teachers, ensuring each child receives support academically, socially, and spiritually.

Why Choose Elementary M-BIS:

- Strong Islamic values by UMMI
- International-standard learning through Cambridge and National Curriculum integration
- Qualified and caring teachers (2 teachers for max. 24 kids in one class)
- Modern Facilities with Islamic Environment
- Character building, life skills and holistic development through Enrichment & Extracurricular activities
- Supportive and collaborative school community

Programme & Activities

A. ISLAMIC STUDIES

Islamic Studies is the subject area focused on teaching the beliefs, practices, values, and history of Islam, aimed at shaping students' faith, character, and understanding of the religion.

Key Components:

- Dhuha prayer and daily dhikr every morning
- Juz Amma movement & Tahsin UMMI
- Daily Qur'an recitation and muroja'ah
- Tajweed and Tahfidz sessions
- Islamic etiquette (akhlaq and adab)
- Spiritual Friday with Charity Practice
- Seerah Storytelling (Prophet Muhammad SAW)

B. GLOBAL LEARNING STUDIES

Global Learning Studies is a program that connects students to a broader, international perspective while keeping Islamic values at the core. It blends global awareness, intercultural skills, and modern knowledge with faith-based education.

Key Components:

- English Morning Assembly
- Interclass competitions (speech, debate, spelling bee, etc.)
- English discussion club through podcast sessions
- Creative Writing Workshop
- English Outdoor Adventure
- Project-based Learning on Global Issues
- Cultural Story Exchange
- Global STEAM Project / Science Fair Exhibition

Skill-Up Sessions

A. ENRICHMENT PROGRAMME

1. Mini Research Project

A small-scale investigation where they explore a topic, gather simple information, and present their findings, all in a way that's age-appropriate, fun, and skill-building.

2. Digital Kids Lab

A Digital Kids Lab is basically a fun, hands-on program where children explore technology, creativity, and problem-solving through digital tools.

3. Young Entrepreneur

A fun and practical way to introduce our children to the basics of business, creativity, and financial responsibility. They can also report and present it

4. Eco Hero Squad

To learn about caring for the Earth while having fun and working as a team. As called as Protect, Preserve, Inspire.

5. Art Tech

A creative program that blends artistic expression with technology skills. It lets children explore creativity while learning to use digital tools responsibly.

6. STEM Adventure

STEM Adventure is a hands-on, exploration based program that lets students learn Science, Technology, Engineering, and Mathematics through fun challenges, experiments, and projects.

Elementary School Level

7. Future Scientist

A hands-on science program where students explore scientific concepts through exciting experiments, observations, and simple investigations. It encourages curiosity, critical thinking, and a love for discovery.

B. ISLAMIC ENRICHMENT

1. Arabic Language

Introduces students to basic Arabic vocabulary, expressions, and communication skills through interactive activities that build confidence and familiarity with the language of the Qur'an.

2. Islamic Public Speaking

Develops confidence in speaking before an audience while learning to communicate ideas, values, and Islamic messages clearly and respectfully.

3. Islamic Calligraphy

Explores the beauty of Arabic writing through creative practice, helping students develop patience, focus, artistic skills, and appreciation for Islamic heritage.

4. Islamic Storytelling

Encourages imagination, communication, and moral understanding through engaging stories from the Qur'an, Prophets, and inspiring Muslim figures.

5. Nasheed (Islamic Vocal Arts)

Develops vocal skills, confidence, and teamwork through meaningful Islamic songs that inspire positive values and spiritual awareness.

6. Islamic Leadership

Nurtures leadership qualities, responsibility, teamwork, and decision-making skills while encouraging students to lead with integrity and Islamic values.

7. Islamic Arts & Crafts

Provides hands-on creative experiences inspired by Islamic culture and traditions, allowing students to express ideas while strengthening fine motor and artistic skills.

8. Islamic Manners & Etiquette (Adab)

Guides students in practicing good manners, respect, and proper conduct in daily life, helping them build positive relationships with others.

9. Islamic Character Building (Akhlaq)

Strengthens essential character traits such as honesty, discipline, gratitude, empathy, and responsibility through meaningful discussions and practical applications.

Junior & Senior High School *Level*

The M-BIS JHS-SHS programme offers a continuous Islamic-international learning pathway that builds academic strength, global readiness, and strong character. With Cambridge and National Curriculum integration, an English-rich environment, and structured Islamic studies, students grow into confident, disciplined, and responsible young leaders.

Why Choose Junior High M-BIS:

- Global Standard Curriculum (Combines Cambridge and National Curriculum)
- Strong Islamic Values by UMMI (Integrates Qur'anic teachings and Islamic ethics into daily learning and school culture)
- English-Rich Environment
- Character Development (Focuses on discipline, responsibility, leadership, and empathy)
- Modern Facilities (Science Lab, ICT rooms, Sports areas, and Private Mosque)
- Qualified Teachers
- Balanced Education (Nurtures both Academic achievement and Spiritual Growth)

Programme & Activities

A. ISLAMIC STUDIES

The Islamic programme reinforces students' Qur'anic skills, character, and daily religious discipline as they advance through adolescence.

Key Components:

- Dhuha prayer and daily dhikr every morning
- Juz Amma Movement
- Daily Qur'an recitation & Muraja'ah
- Tajweed & Tahfidz class
- Daily du'as and Hadiths practice
- Islamic Etiquette (akhlaq and adab)
- Tahsin UMMI
- Seerah Storytelling (prophet Muhammad SAW)
- Spiritual friday (surah Al-Kahf)
- Social charity practice

B. GLOBAL LEARNING STUDIES

This programme builds global awareness, communication skills, and confidence through interactive and creative English-based experiences.

Programme Highlights:

- English Morning assembly
- English Club
- International Culture Day
- Storytelling & Reading programme
- Interclass competitions (speech, debate, spelling bee, etc.)
- Movie & discussion through podcast
- Project-based learning on global issues
- Creative Writing workshop
- Global STEAM project
- English Outdoor Adventure
